MEMORANDUM FOR: NIO for Economics

FROM:

[REDACTED]

A/NIO for Economics

SUBJECT:

DCI Request for Input to EPC Meetings

1. [REDACTED] informed me at 9:30 this morning that on Friday evening the Operations Center was informed of two EPC meetings this week; one at 10:00 today and another at 1:00 on Wednesday. No agenda was sent to us on either meeting, and the DCI was not invited.

2. Doug Mulholland told me today's meeting will cover Danforth's telecommunications legislation, that would require the President to take any of seven actions against foreign countries which, after a 2-year period, do not accord us reciprocal access in this sector. The Wednesday meeting, for which Doug does not yet have a formal agenda, will reportedly cover "US-EC matters" and a citrus 301 case.

3. After [REDACTED] told the DCI of these topics, Casey asked that you prepare a memo on each future meeting telling him what he would have been able to contribute. A single memo after this week's two meetings will suffice. [REDACTED]
